SCORING:

The Washington DeMolay Ritual Competition Rules presume that all competitors will perform the ceremony correctly. Therefore, it is more logical to penalize the relatively few errors, than it is to reward the multitude of correct actions. The scoring system, therefore, is predicated upon penalty point subtraction from a “perfect score” of 1,000 points. The 1,000 points are divided among three evaluation categories:

Direction	250
Ritual	375
Performance	375
<hr/>	
Total possible	1,000

Penalties exceeding the total assigned points in any category shall not be assessed against points in any other category.

FOCUS OF SCORING:

The three evaluation categories – Direction, Ritual, and Performance – should not be viewed as separate stand-alone areas of judging. The goal of the Washington DeMolay Ritual Competition is to foster excellence in Ritual. Excellence is more than knowing the “part” word-for-word perfect, or knowing where to stand and move according to the dictates of the Ritual or Monitor, or delivering the “part” with sincerity, emotion, and heart-felt conviction. The competition seeks to honor those DeMolays who achieve excellence by melding direction, ritual, and performance into a presentation wherein the DeMolay competitor presents the “part” in such a manner as to radiate the true meaning and vision of the ceremony, based on a delivery which is both meaningful and displays personal conviction of the competitor, all the while remaining true to the written word and direction of the authors of the ceremonies being performed. For that reason, all three evaluation categories should be given nearly equal weight, with ritual and performance accorded a slight edge in tie situations with direction.

TIME LIMIT:

Competitors must complete the Required Work within the time limit specified for each contest. Penalty: TEN POINTS if the last word of the Required Work has not been spoken before the TIME LIMIT expires, plus TEN POINTS per minute or portion thereof until the last word is spoken. The TIME LIMIT for each competition is shown on the sheet describing that Ceremony. Each Competitor and/or Chapter must set-up the room, and clear the room of paraphernalia within the TIME LIMIT.

REQUIRED WORK:

Every Competitor must perform every portion of the Required Work specified for each competition.

QUALIFIED PERSONNEL:

DeMolay Ritual

Every competitor must be a member in good standing of a Washington DeMolay Chapter, under 21 years of age, and a registered full-time participant at the event at which the ritual competition is being held. He must also be a member of the DeMolay Chapter he represents in the competition. No competitor, whether a dual member or not, may be allowed to enter competition as the representative of two chapters. Elected State Officers (State Corps) are permitted to compete in any individual competition they desire, adhering to the appropriate Veteran or Novice distinction if competing in such a competition; they are also allowed to compete in team competitions of their home chapter if they desire. Every competitor must be able to document his membership in good standing by having in his possession and by displaying to the Evaluators at the time requested:

1. Valid membership card in the Chapter he is representing.
2. His own full-time participant identification badge for the event of which the competition is a part.

Non-Monitorial Competitions

Every competitor must be a member in good standing of a Washington DeMolay Chapter or Squire Manor, under 21 years of age, and a registered full-time participant at the event at which the ritual competition is being held. He must also be a member of the DeMolay Chapter or Manor he represents in the competition. No competitor, whether a dual member or not, may be allowed to enter competition as the representative of two Chapters and/or Manors. Every competitor must be able to document his membership in good standing by having in his possession and by displaying to the Evaluators at the time requested:

1. Valid membership card in the Chapter and/or Manor he is representing.
2. His own full-time participant identification badge for the event of which the competition is a part.

Note: *Nothing in this section shall prohibit the Competition Ritual Director from granting dispensation to members of a DeMolay Chapter and/or Squires Manor who, otherwise being unable to compete, to form a composite team under the name of the DeMolay Chapter and/or Squires Manor providing the majority of competitors for that competition. In such instances, the competitors may not compete in that same competition again under another Chapter or Composite team.*

REQUIRED PERSONNEL / PARTS:

The competitor must either fill all the Required Parts or provide at least the minimum number of Required Personnel specified for each competition unless specific authorization is granted by the Competition Ritual Director. All Required Personnel must meet the qualifications as outlined in these rules. Each team must provide for each required part in any given competition. FIFTEEN POINTS PENALTY for any team not providing for a required part, in addition to all word and penalty points due to a missing part. If a team member fills in for multiple parts in a competition, the team will

still incur a FIFTEEN POINT penalty for the missing part, but word and direction errors will be judged as normal.

INTERPRETATION:

Reasonable latitude shall be given for all interpretations of the ceremony, so long as the interpretation is, in the Performance Evaluator's opinion, logical, consistent, and in good taste.

NOTE: *This provision is particularly applicable to the DeMolay Degree competition, in which there is no direction category and competitors are encouraged to be creative and imaginative in their presentation.*

MUSIC, MAKE-UP, COSTUMING, AND LIGHTING:

Except as otherwise stated in these rules, use of music, make-up, costuming, and lighting shall be optional and within the discretion of the competitor. If used, music and special lighting need not be that suggested in the Required Works, nor need it follow the suggested music or lighting cues. Music and lighting will be scored on whether or not they enhance the presentation, are logical and are in good taste. Costuming and make-up applied primarily, but not exclusively, to the DeMolay Degree Competition, and will be scored, in the opinion of the Performance Evaluators, on their enhancement of the presentation and whether or not they are consistent with the chosen interpretation. The ineffective use of music, lighting, make-up, and costuming may result in point penalties.

NOTE: *The use of DeMolay Robes (capes) in competitions is optional on the part of the competitors.*

PROTESTS:

All protests will be heard and resolved by a three (3) person Board of Review, appointed by the Competition Ritual Director. The basis of the protest must not be covered by any of the Basic Competition Rules and must not be directly within the Evaluation Panel's province to resolve.

To be eligible for consideration, a protest must be logged with the Competition Ritual Director within twelve (12) hours of the announced release time of the evaluation sheets to the competitors. A written statement citing the basis for the protest must be delivered in person to the Competition Ritual Director or his designate within forty-eight (48) hours of the release time of the evaluation sheets. Any protest not meeting these exact requirements will be ineligible for consideration.

DOORKEEPERS:

All team competitors must provide a doorkeeper per door so as to avoid any interruption during the actual competition. Evaluation Panels will provide doorkeepers

for individual competitions. For each interruption of a team competition, the competitor will be penalized TEN POINTS.

THE EVALUATION PANEL

COMPOSITION:

The Evaluation Panel shall consist of the number of evaluators designated by the Competition Ritual Director for each category for that particular competition. The Performance Evaluator not serving as Panel Chairman shall serve as Timer. He shall be responsible for:

1. Keeping the correct time for each competition and competitor.
2. Assessing the appropriate point penalties for exceeding the permissible Time Limit.
3. Announce to the entire room, the Time Started with "Time On is Time." And the Time Ended with "Time Off is Time."

CONSULTATION WITH EVALUATION PANEL:

Spectators are strongly discouraged from addressing members of the Evaluation Panel upon any matter during the entire competition. Competitors may direct questions concerning the Basic Competition Rules, interpretations of the Primary Authority, and variations in direction imposed by physical limitations of the competition room/area, or equipment, to the Panel Chairman. Competitors are specifically forbidden to question the Panel Chairman or the other members of the Evaluation Panel on any matter concerning the competition, especially its outcome, until after the results are officially announced.

EVALUATION SHEETS:

No evaluator may assign any penalty without stating his reason for doing so. Evaluators will also note any constructive criticism they can offer on the evaluation sheets.

1. Constructive criticism does not necessarily result in a point penalty.
2. Competitors are urged to claim their evaluation sheets after the results are officially announced.
3. The Evaluation Panel Chairperson will be available to clarify reasons for any point penalties and to discuss the evaluator notations and criticisms with the Competitors.

FINAL SCORE:

Each Competitor's final score shall be a composite of the average of the final scores awarded by the Evaluators in each category, less the penalties for missing and/or unqualified personnel, and for exceeding the Time Limit.

TIE SCORES:

All ties in the final score for first place shall be decided by a review of the competitors' Ritual scores. The competitor with the least number of ritual point penalties shall be awarded first place. If after reviewing the competitors' ritual scores, there is still a tie, then the competitors' Performance scores will be reviewed. The competitor with the least number of performance point penalties shall be awarded first place. If after reviewing the competitors' performance scores, there is still a tie, then the competitors' Direction scores will be reviewed. The competitor with the least number of direction point penalties shall be awarded first place. If after reviewing the competitors' direction scores, there is a tie, then first place shall be awarded jointly to the vying competitors.

PROMPTS:

If a competitor needs a prompt, he must say the word "Prompt." The designated Ritual Evaluator will give the next single word. The prompt will be charged as a Five Point Performance Penalty. Saying the word "Prompt" will not result in a Ritual point penalty. Each additional prompt will be assessed an additional Five Point Performance Penalty and no Ritual point penalties.

DRESS:

In all competitions, with the exception of the DeMolay Degree competition, the dress code shall be "business attire," as outlined in the Washington State DeMolay Dress Code. Robes in any competition are optional. Costuming for the DeMolay Degree is within the discretion of the competitor in carrying out the competitor's interpretation.

POSTURE:

Proper posture is expected during competitions. It is suggested that a competitor's posture be: Sitting: hips well back in the chair, back and head erect, both feet flat on the floor, hands resting in the lap or on the knees. Standing: feet side by side, hands either clasped in front, right hand over left, or held at the side of the body. Different uses are allowed, but the posture employed will be scored on how well it enhances the competitor's presentation.

"A" AND "B" COMPETITONS

In competitions which provide for both an "A" and "B" competition classifications, a chapter must elect to compete in either the "A" or "B" class. A chapter may not compete in both an "A" and "B" classification in the same competition. A chapter may not, as well, enter more than one team in a competition class, unless the rules for that specific competition permit such.

PRECEPTOR(S) - VETERAN & NOVICE CLASSES

All individual Preceptor competitions are divided into Veteran or Novice class. To be eligible for Novice class a competitor may not:

- Be or have been a Junior, Senior or Master Councilor in any chapter
- Have placed first place in the competition in which he is competing at any previous Washington DeMolay Ritual Competition.

Any competitor not fitting the criteria for Novice must enroll as a Veteran. There are no limits in the Veteran class in regards to rank, office or previous placement in competition. If a competitor is competing as a Veteran in 1st Preceptor due to placing first the previous year, but is also competing for the first time in 2nd Preceptor, and if he is or has not been a councilor, he may compete as a Novice in 2nd Preceptor.

A person who places 1st place in the Magnificent 7 Competition is still eligible to compete in any individual Preceptor competition as a Novice unless one of the above rules applies to the competitor.

OBLIGATION(S) – VETERAN, NOVICE and ROOKIE DIVISIONS

Both Obligation competitions are divided into Veteran, Novice, and Rookie divisions.

1. To be eligible for the Rookie division a competitor has to be a DeMolay member for less than 3 months.
2. To be eligible for Novice division a competitor must be a DeMolay member for more than 3 months and may not:
 - Be or have been a Junior, Senior or Master Councilor in any chapter
 - Have placed first place in the competition in which he is competing at any previous Washington DeMolay Ritual Competition.
3. Any competitor not fitting the criteria for Rookie or Novice must enroll as a Veteran. There are no limits in the Veteran division in regards to rank, office or previous placement in competition. If a competitor is competing as a Veteran in 1st Obligation due to placing first the previous year, but is also competing for the first time in 2nd Obligation, and if he is or has not been a Councilor, he may compete as a Novice in 2nd Obligation.

OVERALL RITUAL TROPHY:

All ritual competitions are assigned to one of five (5) ritual competition levels.

Assignment of a competition to a level is determined on:

1. Importance of the ceremony, whether it is a team or individual competition,
2. The number of Required Parts needed,
3. The amount and difficulty of memorization needed, and
4. The amount and difficulty of floor work, costuming, paraphernalia needed.

These levels determine the assignment of points to winning competitors; both team and individual, for the purpose of determining which Chapter shall be awarded the Overall Ritual Trophy for the Ritual Competition.

The levels are:

- | | |
|----------|---|
| Level 1: | Opening and Closing A
Initiatory Degree A
DeMolay Degree |
| Level 2: | Opening and Closing B
Initiatory Degree B |
| Level 3: | Magnificent 7
Flower Talk*
4th Section—DeMolay Degree
Ceremony of Light* |

Level 4: Nine O'clock Interpolation
 DeMolay Orator
 Chaplain

Level 5: Preceptors
 1st Degree Obligation
 2nd Degree Obligation

Assigned Points for each Level:

Level	1st Place	2nd Place	3rd Place
1	25	20	15
2	15	11	7
3	9	6	3
4	6	4	2
5	3	2	1

*Ceremony of Light and Flower Talk are certifications. First place points will be awarded to each competitor who certifies. Double first place points to those who receive "Best Performance" will be awarded.

Placing

If there is only one competitor in a certain category, this does not guarantee 1st Place. A minimum score is required to place. 1st Place requires a score in the top 15%, 2nd requires a score in the top 30% and 3rd place a score in the top 45%.

If a competitor scores an 830/1000 on his individual preceptor part but was the only one to compete; since he did not place in the top 15% (850+), he will be awarded 2nd Place. If a Chapter scores 530/1250 on the DeMolay Degree, they will not be awarded a prize as they did not score in the top 45%. If a Chapter scores 980/1250 on the Initiatory A Competition but were the only ones to compete, since they scored in the top 30%, they will be awarded 2nd Place. Total points possible can vary depending on the number of judges and categories being judged.
